

What Are Memories Made Of?

Memories are made of
sunny smiles...

The approaching footsteps of
someone special...

The sound of
a welcome "hello"....

Memories are made of
happy yesterdays:...

Occasionally, a tear.....

Laughter.....

Memories are made of
get-togethers.....

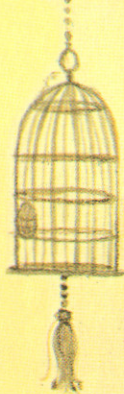

Letters sent across the miles....

*A certain voice
on the telephone.....*

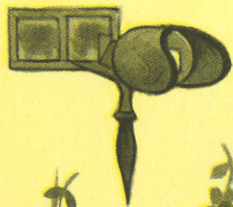

A souvenir.....

A photograph.....

A song.....

But most of all.....

Memories are made of
wonderful people.....

Like YOU!
